AZURA BENGUERRA ISLAND

CHILDREN AND TEEN ACTIVITIES

Children and teens at Azura will be spoilt for choice when it comes to spending time here with us. Whilst we don't have the traditional kids activity clubs you find in larger hotels, we offer a host of activities for kiddies to participate in. Many of these can be done without the guidance of parents, as they will be supervised by Azura's guides, hosts and activity coordinators. One of the obvious focuses is on the amazing pristine environment here at Azura. There is so much to experience and learn about. Children can enjoy seeing interesting marine life above and below the water, search for pansy shells on an island that appears at low tide, experience cultural encounters, climb dunes, look for crocodiles (from a safe distance), taste the island's fruits and perhaps learn a new skill or two. With miles of deserted beach...its paradise here for families too!

All activities may be booked through our Reception, or the Activity Co-ordinators at the Bar in the evenings.

Marine Life Walk

Join one of Azura's local guides and explore the tidal flats, whilst having the diverse marine life explained to you. During this walk, you may chance across Sand Anemones, Ghost Crabs, Pansy Shells, Starfish, Bivalves, and all different types of small creatures which call these areas home. Get your checklist signed to take home with you! This is a real favourite with all of our children and those interested in discovering the smaller marine life along our shores.

Learn to Snorkel

Children that would like to learn how to Snorkel in the water or refresh their skills can visit us at the Water-Sports Centre. Our Water-Sports staff can teach children correct techniques at the Centre's Pool. We even have a selection of smaller goggles and snorkels for little ones! Afterwards head out to 2 mile reef and the aquarium which has some of East Africa's best snorkelling. Along the way we often spot dolphins as well as humpback whales in season (Jun-Oct). For those less experienced, in order to maximise your time on the reef and the enjoyment of your guide snorkelling experience, we recommend getting accustomed to the snorkelling equipment in the vicinity of the hotel before.

For the budding Jacques Cousteau in your family, Azura has a PADI 5 Star dive centre with dedicated dive training pool. The PADI Bubblemaker course is an introductory course aimed at kids who want to try scuba diving in a safe and controlled environment (our Watersports Centre pool). Learn to breathe under water! If you're eight or nine years of age, now is your chance to take the plunge with a PADI Instructor and try diving safely. After watching a film, you'll learn some skills in the swimming pool and have time to get comfortable with the equipment. Under the supervision of a PADI Instructor, practise swimming underwater with full scuba gear (max depth 2m), keep blowing plenty of bubbles and learn some cool tricks. You'll receive a super cool PADI certificate too.

Once you're happy in the pool, we'll take you out on the dive boat for an open water dive. You'll dive to a maximum depth of 12 metres and be accompanied by a PADI Instructor at all times.
