

AZURA QUILALEA PRIVATE ISLAND CHILDREN AND TEEN ACTIVITIES

Children and teens at Azura will be spoilt for choice when it comes to spending time here with us. Whilst we don't have the traditional kids activity clubs you find in larger hotels, we offer a host of activities for kiddies to participate in. Many of these can be done without the guidance of parents, as they will be supervised by Azura's guides, hosts and activity coordinators. One of the obvious focuses is on the amazing pristine environment here at Azura. There is so much to experience and learn about. Children can enjoy seeing interesting marine life above and below the water, taste the island's fruits and perhaps learn a new skill or two. With our own private island to explore...it is paradise for families too!

All activities may be booked through our Reception, Activity Manager, or any of the Azura Quilalea team members at the Bar in the evenings.

Shore Fishing

With all the juvenile gamefish hiding close to shore on the reefs around the island, it creates the perfect scenario for a fisherman in training. Our guides can take your children on a fishing adventure around the island and teach them to catch their first fish. Most children love fishing and have a great talent to cast a rod first time. We support a catch and release policy which ensures that the fish survive. This also gives us an opportunity to teach the children about conservation.

Fishing

Our fishing guides will happily take children out for fishing trips and we have rods and tackle that suit all ages and abilities. Head out to the reefs to catch a variety of fish including Giant Trevally, or go trawling the deep seas to catch the family's supper (we do ask that a parent accompany younger children).
